

LM-AP3030A16 Led Profile Datasheet

Product Specification

| | |
|----------------------|--|
| Item No. | LM-AP3030A16 |
| External dimension | W30×H30mm |
| Comptiable LED Strip | ≥120leds/m LED strip |
| Warranty | 3 Year |
| Delivery Time | Small order 5-7days,large order 10-15days. |

| | | | | |
|-----------------------|--|--|--|------------|
| Material | Andoised Aluninum 6063-T5 | | | |
| Alumimum Oxider Layer | 12 μm | | | |
| Surface Treatment | Anodic Oxidation | | Panting | |
| Surface Color |  Sliver |  Black |  White | |
| Available Length(m) | 1M | 2M | 3M | Customized |
| Cover |  PMMA Opal Brand:Arkema(France) |  PC diffuser Brand:Teijin(Japan) Bayer (Germany) |  Transparent | |
| Installation |  Pendant | | | |

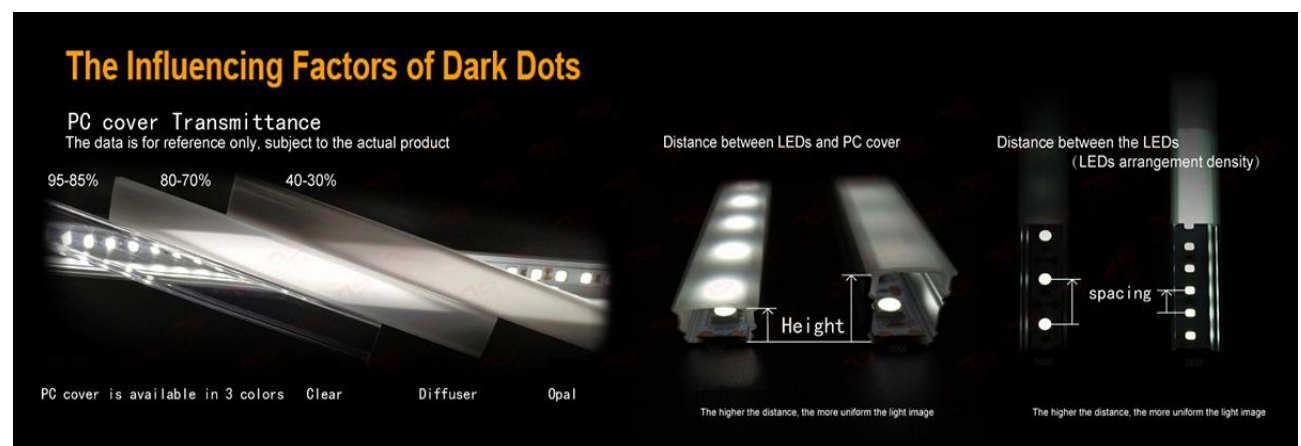

The advantage of our Aluminum profile:

1,Standard 6063-T5,with high intensity and high purity thick aluminum,good heat dissipation,strong enough for feet step;

2,12-13µm anodized,strong oxidation resistance,anti-discoloration, anti-oxidation,anti scratch, corrosion proof,High corrosion-resistance,Alkali-resistance;

3,UV stable 1.5mm thickness,anti yellowing,good transmittance PMMA/PC diffuser;
PC cover materials from Japan(Brand:Teijin),Germany(Brand:Bayer),PMMA cover materials from France(Brand:Bayer)

The Influencing Factors of Dark Dots
